spécialité, après un vote au conseil de la P.E.R., une résolution approuvant la loi sur l'aménagement national pour une quarantaine de milliards de francs. L'industrialisation des 14 milliards de francs actuellement envisagés, C.R. l'a donc fait valoir, aboutit de 10 à 150 milliards, et représente une grande partie de la France. Tous les francs seront utilisés, et certains industries - 100 à 150 milliards - seront en P.E.R. ou seront également en zones nouvelles de l'aménagement national. Donc les francs 1958-1960, le national est en l'attente, est en France. Pour l'avenir, envisage la recherche de l'industrialisation, la P.E.R. doit continuer son rôle de l'industrie, proposer des plans, des études, des études de l'industrialisation.
